

Town of Bristol
Parks & Rec Committee Meeting
Minutes
June 5, 2019

Supervisor Grove called the meeting to order at 5:39pm. Anderson, Grove, and Voeck present. Anhalt and Moermond absent.

Review and consider water retention at Norway Road Estates Park:

Water retention issues at Norway Road park were discussed. Anderson made the motion to have Public Works staff check out the area and determine if they can complete the work themselves. If they cannot, staff will get quotes to have an outside contractor complete the work. Grove seconded, motion carried.

Review and consider quotes for painting buildings at Bristol Gardens Park and replace park shelter roof at Drumlin Creek Park:

Anderson made the motion to wait two weeks to gather additional quotes for painting the buildings at Bristol Gardens park. If no other quotes are received, or if quotes received aren't cheaper than the lowest current bid, move forward with accepting the lowest bid. If another bid comes in cheaper, this item will come back to the Parks & Rec Committee for further discussion. Voeck seconded, motion carried. Replacing the park shelter roof at Drumlin Creek park was tabled until a later date.

Discuss future meetings and agendas:

If necessary, the Parks & Rec Committee will have a meeting on Monday, July 8th at 5pm, prior to the monthly Town Board meeting. On future agendas, the Parks & Rec Committee would like to review the budget quarterly.

Grove made the motion to adjourn, Anderson seconded, motion carried and meeting ended at 6:17pm.
